The following descriptions provide an outline of the topics covered in class.

ADULT/CHILD CPR/AED INFANT CPR This course teaches one rescuer CPR for the adult/child/infant victim, rescue breathing, obstructed airway, barrier devices, and AED (Automatic External Defibrillator) are taught.

HEALTHCARE PROVIDER or PROFESSIONAL RESCUER: This course is designed for those people who are in the healthcare and healthcare related fields as well as lifeguards. This course teaches one and two rescuer CPR for the adult, child and infant victims, rescue breathing, obstructed airways, barrier devices, airway adjuncts (Bag Valve Mask, Pocket mask) and AED. There is a written examination at the conclusion of this class.

FIRST AID BASICS: This course teaches First Aid skills such as splinting techniques; bleeding control, burn treatment, sudden illness and injury. This class has no prerequisites, and successful participants are certified in First Aid basics for two years.

MRTSA also has ACLS and PALS classes available for Healthcare Providers.

YOU MUST PREREGISTER FOR EACH CLASS. MRTSA also provides on-site classes at your work site or for your organization. For more information about any of our classes, please call 412-343-5111. MRTSA also sponsors various "show & tell" programs and can provide speakers for your organization. Please contact our offices for further information.

The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS and PALS and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association, and any fees charged for such a course does not represent income to the Association.
